What's New

1. Forgotten password on the login page will reset password and send information via email to user.
2. New recommended computer specifications on page 6 for more details.
3. Upcoming booth sites that a troop has signed up for will be displayed on the dashboard.
4. You can now change your password on the contacts tab by clicking the edit button next to your information and entering a new password on page 16 for more details.
5. More optional troop contacts. Troop Cookie Pick-up Only User is a new role to allow other people besides troop leader and troop cookie chair to sign for cookies picked up at a cupboard through the Cupboard Keeper mobile app. Troop Booth Sale Recorder Only User is a new role to allow other people besides troop leader and troop cookie chair to record packages sold at a booth sale through the Booth Sale Recorder mobile app and in eBudde. These are very limited roles in eBudde that do not allow access to any other tab on the troop level. Leaders and cookie chairs can automatically use the mobile app. DO NOT add leaders and cookie chairs to these roles or they will lose access to the other troop tabs.
6. You can now designate a primary contact for each of the user roles. Refer to page 17 for more details.
7. Troop settings tab field availability determined by council. Some fields may be unavailable to troops as determined by the council.
8. On the girl tab, you can now enter in a girl's t-shirt size. This information will be available on the incentive page. THIS WILL NOT AUTOMATE THE INCENTIVE SIZES.
9. The delivery tab is now available in sections for data entry as determined by the council.
10. There are two formats for the girl order tab. The girl order tab can be in category format or variety format. The variety format will include a column for a booth sale checkbox to designate cookies as part of a booth sale. This is needed if your council automates incentives based on booth sales.

11. There is an add payment button on the girl order tab to add only payment records. Payments can also be added using the add transaction button.
12. The girl order tab can be locked where you cannot allocate more cookies to the girls than the troop has ordered.
13. You can now enter the incentive orders for all the girls in one master girl list. Under the Edit All link you will see every girl, her boxes sold, t-shirt size, and list of incentives. If choices or sizes need to be made, you can do this for all the girls at one time.
14. There is a new tab labeled the GOC Org. tab. This tab allows you to enter the organization name, address and contact information for those organizations the troop donated cookies to.

Computer Specifications Information

The eBUDDE system has been tested on a variety of computer types and different web browsers.

Approved web browsers:

IBM Compatible – Microsoft Internet Explorer version 7.0 and higher, Firefox 3.0 and higher.

Macintosh – Safari 2.0.4 and higher, Camino 1.5.4 and higher, and Firefox 3.0 and higher.

Approved computer specifications:

FireFox	Internet Explorer
Recommended Minimums: 700 MHz Pentium 3 - 1GB RAM	1.0 GHz Pentium 3 – 1GB RAM
Recommended Systems: 1.0 GHz Pentium 4 - 1.5GB RAM	1.5 GHz Pentium 4 - 1.5GB RAM

To verify your system specification, go to **Control Panel, System**. The general tab will display your system information.

NOTE: If your computer's performance is too slow, we can recommend downloading of the Firefox browser. This will increase your speed usually about 30%. The download can be found at <http://www.mozilla.com>.

The eBUDDE system uses Microsoft Excel for the printing of the reports. If you have users that do not have the Microsoft Excel program, a report viewer for IBM compatible systems can be downloaded from the following web address:

<http://www.microsoft.com/download/en/details.aspx?displaylang=en&id=10>

To download Adobe Acrobat, use the following web address:

<http://get.adobe.com/reader/>

eBudde has scheduled time-outs at 2 hours of inactivity. eBudde will close out your session, logging you out if you have been inactive in the system for 2 hours.

Navigating the System

Add More - The “add more” button allows you to enter in additional rows on deposits and additional cookie transactions. You can activate this button by pressing the spacebar or clicking on it.

Enter Key – The enter key is used to complete a row on a page. It can also be used to complete a page when the page has only one button available on the page.

Tabs – The tabs available on the page allow you to add, change, delete or view information. These tabs are specific to the user access level. Council users see the council tabs, areas see the area tabs, service units see the service unit tabs, and troops see the troop tabs. Below is an example of the tabs. To select a tab, click anywhere on the tab.

Tab Key – The tab key is used to move from one box of information to another on all screens.

System Access

The eBUDDE system sends every new user an email with the following information:

- Web Address - <https://ebudde.littlebrownie.com>
- Email Address
- Temporary Password

We recommend you click the link in the email sent to you from the eBUDDE system and then in your browser, add this web address to your **Favorites** for easier access.

Troop Tabs

eBUDDE provides a variety of features for troops to track their cookie sale information. Your council will specify which features you will need to use. Some screens may look a little different as your council can tailor eBUDDE to meet your needs. In addition, some tabs may not be available to you as well.

Dashboard – Default screen that shows important messages, calendar, checklist and dates

Contacts – Allows you to edit your contact information. This includes name, address and phone number. This **DOES NOT** include changing the email address, or email and access rights. That must be done from the login screen.

Settings – This allows you to change the number of girls selling, registered, program age level, incentives option, banking information as specified by your council. You can also add additional troop contacts.

Girls – This allows you to enter girl names, grade, id and goal information

Init. Order – This option is for entering your troop initial cookie order

Delivery – This option is for selection of delivery site (if applicable) and a printout of cookies order, delivery site, and pick-up time (if applicable)

Girl Orders - (Optional) Track girl initial, booth and additional orders and payments

Booth Sales – (Optional) This option allows you to select council booth sale sites and/or request a troop booth sale site.

Transactions – List all cookie transactions, initial order, cupboard pickups, and troop-to-troop transactions.

Incentives – Troop incentive ordering

Deposits – Troop deposit recording

GOC Org. – (Optional) This option allows you to record troop donation organizations.

Sales Report – Recap of all troop information. Initial order, additional cookies, troop profit, deposits and submitting total Gift of Caring numbers (if applicable)

Dashboard Tab

The dashboard tab is the screen you will see every time you log into eBUDDE. You can print the information on the tab if needed for reference. It will show you any important messages from your council and/or your service unit.

It also shows you your starting dates and deadline dates. These dates are important because they inform you of when you can start doing data entry and when you need to complete certain functions in the system. In addition, your council can add their own dates to the system.

On the dashboard there is a troop checklist for tracking your activity. This will include the standard eBudde items and council-specific items. Some of the items will be checked off and some items are recommended activity. The checklist may vary depending on your council setup. Items that will be checked off include entering girls, cookie initial order, choosing a delivery station/time (if applicable), incentive initial order (if applicable), and incentive final order.

Your troop's upcoming Booth sales will display on the dashboard.

Special Troop Contacts

There are two troop contacts that may be available, Troop Cookie Pickup Only Users and Troop Booth Sale Recorder Only Users.

If your council uses the Cupboard Keeper mobile app, you may specify additional cookie-pickup people know as Troop Cookie Pickup Only Users. For example, if you have a parent picking up cookies for you and your council uses the Cupboard Keeper mobile app, you will need to add this person's email in eBudde. This user does not have access to anything in eBudde except updating their own contact information. Their email and password will be used by the Cupboard Keeper mobile app to verify that they are allowed to pick up cookies at the cupboard.

NOTE: As a troop leader or troop cookie chair, you are able to pick up cookies. DO NOT add yourself as a troop pickup person or you will LOSE ACCESS to the other tabs in eBudde.

Troop Cookie Pickup Only Users

Troop Leaders and Cookie Chairs should NOT add yourselves to this user type.
This user can ONLY sign for cookies received at a cupboard.

If your council uses the Booth Sale recorder mobile app, you may specify additional booth sale recorders users. If you have an adult in charge of the booth site that is not in eBudde and you want them to record the booth site sales, you will need to add them in as a Troop Booth Recorder Only User. This will allow them to record the booth sales on the mobile app and/or in eBudde. They will also be able to change their contact information in eBudde. They WILL NOT have access to any of the other troop tabs in eBudde.

NOTE: As a troop leader or troop cookie chair, you are able to record booth sales. DO NOT add yourself as a troop booth recorder only user or you will LOSE ACCESS to the other tabs in eBudde.

Init. Order Tab

The Init. Order tab is used to enter the troop initial cookie order.

There are two methods for troop ordering. You will be directed by your council as to the method you are to use. The initial order can be in cases or packages as directed by your council. **NOTE: If your council participates in a Gift of Caring program or something similar, you will see an additional variety column labeled appropriately.**

Ordering with Booth and Girl Totals

Click on the initial order tab located on the right side of your screen.

[illegible]

If so designated by your council, you can also enter the troop's booth order. Click on the word **BOOTH**. The system will highlight the line. Click in the first input box at the bottom of the page, the line will highlight. **NOTE: GOC column(s) is not available for booth sales.** Tab through the boxes and enter your cookie quantities. The system will show you the total. Verify the total and press enter or click the **OK** button. The system will move the numbers to the **BOOTH** line.

The system will display the completed order.

[illegible]

To change any information, click the row that needs to be changed. The data will be displayed on the bottom input row. Click anywhere in that row to make changes. Press enter once changes are complete.

You must click the **Save** button to save your information. The system will display that it is saving the information.

Save In Progress!
Please Wait!

To print the order, click the **Printable Version** button.

Submit Order – This button is used to submit a troop order to the service unit. You must still click this button for the service unit to know that this order is done. The system will confirm that the troop order was submitted on the screen and send you an email.

NOTE: You can only submit your order once. If you have changes after you submit, you will need to contact your service unit cookie manager.

Initial Order Submission OK.

Please go to your Delivery Tab to specify your delivery options.

OK

Click on the init. order tab located on the right side of your screen

NOTE: Girl level ordering must be done in packages. If your council participate in the Gift of Caring or similar program with a different name, you will see that column labeled appropriately.

NOTE: The girl order totals will include the Gift of Caring numbers, the totals at the bottom of the page, will not include the Gift of Caring numbers as the Gift of Caring column is not part of the physical order.

Submit Order – This button is used to submit a troop order to the service unit. You must still click this button for the system to know that this order is done. The system will confirm that the troop order was submitted on the screen and send you an email.

NOTE: You can only submit your order once. If you have changes after you submit, you will need to contact your service unit cookie manager.

Delivery Tab

The delivery tab allows you to select your cookie delivery site and time and also view your delivery information. You may or may not be required to enter information on this tab. The purpose of this tab is for a troop to be assigned to a delivery pick up site for the initial cookie order. In addition, your council may allow you to select your **PREFERRED** pick up time. See your council for specifics.

Helpful Hints

1. Bring people to help, but remember, people take up room just like cookies, so adjust the number of vehicles accordingly.
2. Every effort will be made to respect your delivery time. But sometimes it's not possible to have everyone pickup at their exact time. Please be patient. We're all here to have fun and get the cookies!

Signature

This tab allows you to enter by girl, additional cookie orders, booth sales packages sold, Gift of Caring pkgs and payments. You can add a comment on each row. There are two views of the girl orders. You can see a summary troop view or each girl's detail. The system defaults to the troop summary view. **Your council may limit your girl transaction to not exceed the troop package total.**

[illegible]

Initial – These cookies were sold at initial order time and this number will match the girl's order on the initial order tab. This number is locked and cannot be changed on the girl order tab. To change this number, it must be changed on the initial order tab.

Page 33

Other – These are additional cookies that are sold after the initial order but are not sold at a booth sale. This could include additional sales to customers, walk-about, etc.

Total – Total of cookies sold by the girl.

Total Due – This figure is calculated by taking the total cookies sold and multiplying that by the selling price to the customer.

Paid – This column will display all payments made by the girl to the troop.

Bal Due – This is the balance that is still due from the girl.

There may be additional column(s) for tracking Gift of Caring/Donation programs that are specific to your council.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pickups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale. As you assign cookies to girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

[illegible]

Printable – This button allows you to print a listing of all the information for the girl.

Add Payment – This button allows you to add only a payment. You may add as many of these transactions as necessary.

Switch to Girl – This allows you to enter transactions for another girl without having to always go back to the troop view. Click the dropdown arrow and select a girl name.

the OK button. The information will be displayed on the grid. Click the **SAVE** button to save the transaction(s).

Girl Order Tab – Varieties Format

This tab allows you to enter by girl, additional cookie orders, booth sales packages sold, all by variety, Gift of Caring pkgs and payments. You can add a comment on each row. There are two views of the girl orders. You can see a summary troop view or each girl's detail. The system defaults to the troop summary view. . Your council may limit your girl transaction to not exceed the troop package total.

Troop Summary View

[illegible]

The troop summary view shows a total row for each girl. This display shows varieties, Gift of Caring (if applicable) and financials.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pick-ups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale. As you assign cookies to girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

Girl View

[illegible]

The girl view will show you the detail transactions for the girl. The first row will usually show the initial order which is locked and cannot be changed on this screen. You will need to change these numbers on the initial order tab. If the initial order tab is unavailable you would need to contact your appropriate council staff/volunteer.

The column labeled **Bth** is to designate cookies as booth cookies for incentive automation if applicable in your council.

Printable – This button allows you to print a listing of all the information for the girl.

Add Trans – This button allows you to add transaction(s) to the girl. You may add as many transactions as necessary. You can enter in cookie transactions, payment transactions or both in one transaction.

Add Payment – This button allows you to add only a payment. You may add as many of these transactions as necessary.

Save – This button is to save the transactions you have created. If you do not save your data, you will lose that data. You do not have to save after every transaction but must save before you leave the screen to avoid losing your data.

Return to Summary View – This link allows you to return back to the troop summary view. Any transaction entered will automatically be displayed on the summary view.

Adding Additional Cookie Orders

Click the **Add Trans** button. The line will highlight. Double-click at the bottom of the page in the comment box.

[illegible]

In the boxes below, key in a comment and the additional cookies using the tab key to move through the columns. There is a check box for you to designate that the boxes you are entering were sold at a booth sale. This is needed if your council automates booth sale incentives to tell eBudde how many booth boxes were sold. You can also enter in a payment at the time of entering in the cookies. Click the Enter key to end the data entry OR click the OK button. The information will be displayed on the grid. Click the **SAVE** button to save the transaction(s).

Adding Only Payments

You may add a payment to any available line in a girl record. To enter a payment, click the **Add Payment** button. You then double-click in the paid box at the bottom of the screen. Click the Enter key to end the data entry OR click the OK button. The information will be displayed on the grid. Click the **SAVE** button to save the transaction(s).

Printing, Exporting, Saving

Printable Version – click this button to have the system provide you a screen to print your worksheet. This button is available on the Troop summary screen and on the Girl Sales detail screen.

Export – click this button if you want to download this information to save as an html file or cut and paste into another program. This is available on the Troop Summary screen only.

SAVE – You must click this button to save the information you keyed in this screen. The system will display a screen as it is saving your data. Once this box goes away, your data is saved. This button is found on the girl sales detail screen.

Girl Order Tab – Lock Transaction Option

Your council may lock the girl transactions so that you cannot over allocate packages. This means that eBudde will not allow more packages to be given to the girl than the troop has ordered and/or picked up from the cupboard. If you try to over allocate packages, eBudde will give the following message:

The screenshot shows the 'Troop 1556 Girl Transactions' window. The 'Girl Orders' tab is selected. A table lists transactions for girl Lily F. An error dialog box is displayed in the center of the screen.

Error Detected

You don't have enough troop inventory unassigned to record those numbers. Currently your troop order is 600 pkgs. You have already assigned 597 pkgs to girls. This leaves you only 3 unassigned pkgs. You are trying to assign 5 pkgs.

Keep this in mind if you as a troop give boxes away. Example: If your troop initial order is 100 packages and you distribute those 100 packages to the girls; you will not get any errors. If you create a troop transaction that moves cookies from your troop to another for 2 boxes, the next time you go to any girl record, you will get the message above. The best practice is to update your girl order tab before you create your transaction to avoid errors.

Booth Sales

The Booth Sale tab is an optional tab. The use of the Booth Sale Module is determined by the council. A troop can sign up for a council booth site and/or request a troop booth sale as so designated by their council.

Click the Booth Sales tab to use the Booth Sale system.

Council Sponsored Booth Sales (Council Sales)

Council sponsored booth sales are sites that are scheduled by council and open to all troops to hold a booth sale at. There may be rules to how many and when these sites can be selected. Your council will inform you of these rules.

The screenshot shows the 'Troop 00007 Booth Sales' web application. At the top, there is a navigation bar with tabs: Dashboard, Contacts, Settings, Girls, Init. Order, Delivery, Girl Orders, Booth Sales (selected), Transactions, Incentives, Deposits, and Sales Report. Below the navigation bar, there are instructions: 'Browse and signup for Council Booth Sales' and 'View and edit your Troop sales by clicking My Sales.' There are also buttons for 'Free Slots' and 'Current Signups'. On the right, there are radio buttons for 'Council Sales' (selected) and 'My Sales'.

The main content area is divided into two columns. The left column, titled 'Central Indiana', lists various locations with a plus sign next to each, indicating they are available for selection. The right column, titled 'K-Mart', shows the address '2825 N. Broadway, Anderson, IN 46012' and a note: 'Must set up outside and bring own table/chairs.' Below this, there is a 'Submit' button and a table for selecting time slots.

Submit Incentive Order

Cancel – this button returns you to the screen where you can view or fill out.
Submit Incentive Order – This button submits the troop incentive order to the service unit. Once you click this button, the incentive orders for girl and troops cannot be changed by troops only by a service unit user.

Deposits

The deposits tab will allow you to view the deposits made by your troop into the council cookie account. If your council allows, you can also enter the deposits that you have made to the council. **This is not where you record your individual troop deposits for troop profit.**

[illegible]

As you enter deposits they will be displayed on the screen. You can **Add, Edit, or Delete** deposits. You can also selectively search to display only specific deposits.

Adding Deposits

Click the **Add Deposit** button.

Bank of America			☐	6073		+
Wells Fargo						
Bank of America						
						\$ 181.60

Select the bank, enter date, reference number (optional) and amount. Use the **Tab** key to move across the page. Press Enter to complete the line entry OR use the **Add More** button to key additional deposits.

Add More - The “add more” button allows you to enter in additional rows on deposits, additional cookie transactions, adding girls on the initial order. You can activate this button by pressing the spacebar or clicking on it.

Date – You must enter the date in this format mm/dd/yy. Each deposit must have a date.

Reference Number – Reference is used to annotate the deposit. This entry is optional. Possible uses for this box is to comment on the deposit, to specify which bank the deposit was made from, to enter a encoding number.

Verified – Unavailable to troop user. Used by council to identify deposits verified to bank statement.

Troop – Already filled out

Amount – the amount can be a positive or a negative. You do not have to enter in the cents if it does not apply.

Navigating the Deposit Information Page

As you enter deposits, the system displays the deposits using a scrolling feature. To facilitate making changes there are several methods to navigate to the information that you need. You will want to use the method that best fits what editing you are trying to do.

Scrolling

Deposits are displayed in the order keyed by default. You can scroll through the deposit pages by using the scroll bar located to the right of the deposit page.

Sorting

You can sort the deposits in an order that will show you the information in the order that you want.

- ▼ Sort from smaller or earliest to larger or latest
- ▲ Sort from larger or latest to smaller or earliest
- Not sorted by this column

Search and Filter

Column Filter – The column filter allows you to search and selectively display by any of the columns available. The default is **No Filter**. This will display all transactions. You use the drop down box to select your search/display column. In the **Low and High** boxes you enter the range that you want to see displayed on the page.

Editing/Deleting Deposits

All boxes can be changed; you can make changes by left-clicking your mouse in the box you want to correct and making the changes. You can also delete the deposit by pressing the **Delete** key on your keyboard. Deletions and changes can be made at the same time. Once you have made all your changes, left-click the **Save** button to save your changes.

Exporting the Deposits

Click the **Export** button to export the deposits. The system will display a screen and instruct you to click File, Save As to save the deposits.

GOC Org. Tab

The GOC Org. tab is where you record the organizations that you have donated your troop donation boxes recorded in the initial order and/or girl order tab.

Enter in organizational information and click update. eBudde will then provide additional data entry for as many organizations as you need to enter.

Sales Report

The sales report reflects all transactions for the troop in the system. It includes the initial order, any additional orders, deposits and the calculation for troop profit, council monies and balance due. Gift of Caring/Donation cookies will automatically populate on the sales report from the girl order tab.

Appendix A – Cookie Club Registration- Updated information available 9/1

Pushing data from eBudde into the Cookie Club

If you are already an eBudde user and would like to automatically sign up your troop for the Cookie Club, you can do so within eBudde rather than keying in each girl's information in the Cookie Club.

Setup:

The troop must be set up in Cookie Club first. This means a troop leader must have registered and selected their Council from the pull-down menu, and recorded basic data so the troop exists in Cookie Club. The troop leader cannot record names, ages, and passwords for each girl in the troop or a push from eBudde will not work. Therefore, the troop must exist in Cookie Club but carry no girl data; this blank troop must have the same troop number and same Council as the eBudde troop before a push of the girls will work.

Here's how to upload a group of girls from eBudde into the Cookie Club:

1. Start in eBudde, logged in at the Troop Level.
2. Click on the GIRLS tab (grey tabs at the top of the page, next to Settings).
3. To “push” information to the Cookie Club, starting from scratch, you only need to record names for the girls. GSUSA IDs and sales goals are optional.
4. Click the Update button.
5. Once you receive “Update to Girls List was successful” then,
6. Click the button: Export List to Cookie.
7. Log into Cookie Club as the troop leader and you can see you girls there. Note that a default password, cClub, is created for each girl. You can edit these at any time, simply be sure to Submit (save) so the data change is recorded. While you're logged in as the troop leader, you should record ages for each girl so they are served the correct version of the Cookie Club. Also, edit the sample sales goals if you need to by recording the total number of girls selling cookies and the box goal for the whole group.

Background Information of note:

1. The Cookie Club asks a troop leader to create a password and the system automatically generates the User ID for a girl. If an eBudde user is initiating from eBudde instead, the system actually creates the userID and a default password for her.
2. eBudde does have a field titled “Cookie Club Login.” This field helps us keep the data

clean. If by chance a girl (or a few of them) has been manually set up in Cookie Club already, this is an opportunity for the eBudde user to note that so the system can sync and won't mistakenly create a second userID and password for that one girl. So, eBudde to Cookie Club "push" simply needs names and ages, then the Cookie Club creates Girl IDs and passwords automatically (the default password cClub, which the troop leader can view and change within the Cookie Club at any time). That extra Cookie Club Login field in eBudde is simply to avoid duplicates.

3. You will be able to export and import girls from/to eBudde to/from Cookie Club. However, it's eBudde-centric... that is, you must initiate the transfer from eBudde. There is no tool in the Cookie Club to "push" information into eBudde.
4. Exporting girls from eBudde to Cookie Club will create the logins and passwords; all passwords will be "cClub". The troop leader can change these passwords at any point in the Cookie Club.
5. Importing girls from Cookie Club into eBudde will grab all appropriate fields (name, gsusa id, cc login, etc).
6. Importing into eBudde is disallowed if any girls already exist in eBudde, or if the troop has submitted their initial order (you will not even see the button).
7. Exporting to Cookie Club is disallowed if any girls already exist in Cookie Club (you will see the button, but get an error message upon pressing it). Therefore, import/export can only be done once, unless all girls are manually deleted before doing it again.

Appendix B – Gift of Caring Screen Shots

There are three different types of Gift of Caring – Council, Troop and FYI. These columns are optional. See your council manual for detail information. Any columns on the initial order tab will show on the girl order tab. However, there may be columns just on the girl order tab that are not on the initial order tab. The acronyms are council specific. The screen shots below are just an example.

Location and Specifications for the Initial Order Screen -

Council Gift of Caring (C_GOC) – This column will show on the far left column before the Savannah Smiles variety. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl and will be added to the financial dollars.

Troop Gift of Caring (T_GOC) - This column will show on the right as a column displayed before the Total column. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl. These cookies will **NOT** be added to the financial dollars. The expectation is that they will be ordered as booth/other on the initial order or at a later date.

FYI Gift of Caring (F_GOC) – This column will show to the far right of the screen after the total column. This is an informational column only. These cookies will **NOT** be part of the total boxes sold by the girl. The expectation is that the actual cookies have been ordered by variety and this is just to inform the council how many of these cookies are Gift of Caring.
